valleyadventure.je

Before you go: tides and the coast

Watch the tide

Jersey has one of the largest tidal ranges in the world: up to about 12 metres on the biggest tides, Visit Jersey says. On a spring tide the sea can rise a metre every 20 minutes, and the causeways to Corbière, Elizabeth Castle and St Aubin's Fort cover very quickly.

Check the tide times before walking out, go out on a falling tide, and in an emergency dial 999 and ask for the Coastguard.

Swim at a lifeguarded beach

RNLI lifeguards patrol St Ouen's, St Brelade's Bay, Plémont and Grève de Lecq in the summer season. gov.je advises swimming between the red and yellow flags. Check the RNLI for this year's dates.

On the water

The Ports of Jersey sets a 5 knot speed limit within 200 yards of any shoreline, harbour or pier. Jet-skis must be registered and insured, and kitesurfers need recognised insurance and registration. Around Les Écréhous and Les Minquiers, seabird protection rules restrict landing during the nesting season.

Castles and museums

Jersey Heritage is a charity that looks after the island's major historic sites, including Mont Orgueil Castle, Elizabeth Castle, La Hougue Bie, the Jersey Museum, the Maritime Museum and Hamptonne Country Life Museum. Jersey War Tunnels is separate and privately owned.

Listings are free and in alphabetical order. Jersey Web is not connected with these businesses unless a listing says so: check details with each business before you book. Guidance checked 14 November 2026.
