Good to know

Check the Eat Safe rating

Every registered food business in Jersey gets a food safety audit and an Eat Safe star rating from 0 to 5, where 5 is the best. There is no 1-star rating. Businesses are required by law to display their rating at any entrance customers use, and you can look one up on gov.je/eatsafe.

The rating reflects hygiene and food safety, not how good the food is.

Allergies

gov.je advises food businesses to always have someone on duty who knows, or can find out, what is in every dish. If you have an allergy, ask before you order. New Jersey food regulations with allergen rules were passed in March 2026, but no start date had been confirmed when we checked.

Prices include GST

Jersey's price marking rules say prices shown to customers must include the 5% GST where it applies.

Listings are free and in alphabetical order. Jersey Web is not connected with these businesses unless a listing says so: check details with each business before you book. Guidance checked 14 November 2026.
