St Helier
tutela.je

Arranging care in Jersey

Jersey has its own regulator and its own funding scheme, so UK and NHS guidance doesn't apply. This is general information. Ask the Long-Term Care team or an adviser about your own situation.

Read the inspection report

Care homes and home care services are regulated by the Jersey Care Commission. It publishes every report on its inspection reports page, usually with a short summary. It doesn't give grades, so read what each report says and ask the home what has changed since. These were the latest reports for each care home on 4 November 2026:

- Jersey Cheshire Home: published 21 October 2025
- La Haule: published 16 April 2026
- Le Petit Bosquet: published 8 June 2026
- Les Charrieres: published 20 July 2026
- Les Houmets: published 22 July 2026
- Cheval Roc: published 2 October 2026
- St Joseph's: published 14 October 2026

Check a home care provider

Home care in someone's own home is regulated too, and search the same reports page by the provider's name. Ask whether its services are approved under the Long-Term Care scheme, as not every provider may be.

Start with a needs assessment

The first step is an assessment by a health and social care professional, through the Single Point of Referral team on 01534 444440. The Long-Term Care team is on 01534 444444.

What the Long-Term Care scheme pays

The Long-Term Care scheme is for adults with permanent care needs, at home or in a registered Jersey care home. You generally need to have lived in Jersey for 10 years as an adult, including the year before you apply. The scheme booklet gives these maximum weekly amounts for 2026:

- Care level 1: £547.12
- Care level 2: £834.61
- Care level 3: £1,206.38
- Care level 4: £1,516.62

What you may still pay

The benefit doesn't cover living costs, and the booklet says it won't cover full care home fees. For home care, the scheme's standard rate is £36.37 an hour, so you pay the difference if a provider charges more.

There are three financial routes. With assets below £419,000, including your home, help can start straight away. Above that, you may pay your own care costs for a waiting period of 53 to 148 weeks, depending on your care level. If most of your assets are in your home, you may be able to borrow against it.

Dementia

Ask your GP about a referral to the Memory Assessment Service. It aims to see patients within 13 weeks, but says waits of several months are possible. If you're looking at homes, ask each one what dementia care it offers and read its latest report.

Plan ahead with a Lasting Power of Attorney

Under the Capacity and Self-Determination (Jersey) Law 2016, you can choose someone to act for you if you lose capacity. A Lasting Power of Attorney isn't valid in Jersey until it's registered with the Judicial Greffe, and that applies to one made elsewhere too. Ask a Jersey lawyer if you're unsure.

If you have a concern

Raise it with the provider first. If you aren't happy with the response, or have reason not to go to them, contact the Care Commission, which also considers anonymous concerns.

Listings are free and in alphabetical order. Jersey Web is not connected with these businesses unless a listing says so: check details with each business before you book. Guidance checked 4 November 2026.

Run a Jersey business?

Get your business listed free, or let us build you a website: builds from £100 and hosting from £20 a month.
