How seeing a doctor works in Jersey

Jersey isn't part of the NHS, and most adults pay to see a GP. This is general information rather than medical advice. In a life-threatening emergency, call 999.

What a GP visit costs

Fees vary by surgery. gov.je's list, last updated in April 2026, runs from £15 to £45 for an adult surgery visit. Here is what some surgeries publish for an adult with a health card, as we found on 4 November 2026:

- Route du Fort: £39.50
- Lido: £41 (January 2026 list)
- Castle Quay: £41.50 (from March 2026)
- Lister: £42 (from February 2026)
- Island Medical Centre: £46 on its own page, though gov.je lists £43, so ask

The health card

Once you're eligible for a health card, the surgery takes £50.28 off a face-to-face GP visit or home visit, and £30.28 off a remote consultation. You generally qualify after living in Jersey for 6 months and paying Social Security contributions. GP prescriptions are then mostly free at community pharmacies, though surgeries can charge an admin fee for repeat prescriptions.

Until then, you pay the full cost of GP visits and prescriptions. gov.je's advice for newcomers suggests you may want to consider health insurance.

Free and lower-cost appointments

- **Children and young people aged 0 to 17:** free GP appointments, though not home visits or out-of-hours care.
- **Students over 18 in full-time education:** free surgery consultations.
- **People on Income Support or Pension Plus:** the Health Access Scheme sets adult GP visits at £10 and is checked automatically, so you don't need to apply.

Registering with a surgery

You register directly with a surgery, and gov.je's list of 14 surgeries doesn't say which are taking new patients, so ask. Castle Quay asks for a form, photo ID and recent proof of address, and says it may take up to 10 working days. Lido says it can't always guarantee capacity.

Out of hours and emergencies

Outside surgery hours, contact your own surgery first. It will usually direct you to Jersey Doctors on Call, which works by appointment and which you pay for. In January 2026, a clinic visit cost a resident with a health card £79. From 11pm to 8am, it offers phone advice and home visits only.

The Emergency Department at the General Hospital is open 24 hours a day, and you don't need an appointment. gov.je says treatment there is free, but a hospital admission may be charged.

Prescriptions and pharmacies

gov.je says that with a health card, the majority of GP prescription items are free at any community pharmacy, with some exceptions. gov.je also lists every pharmacy's opening hours, including those open on Sundays, and all pharmacies take back unwanted medicines for safe disposal.

Check a doctor is registered

gov.je says to check the UK GMC register first, then the Jersey register of medical practitioners.

Not every listing is a family GP

Windsor Medical Practice is a medical cannabis clinic rather than a general GP surgery, so check what each practice offers before you try to register.

Listings are free and in alphabetical order. Jersey Web is not connected with these businesses unless a listing says so: check details with each business before you book. Guidance checked 15 November 2026.
