What to check and what help is available

Opticians must be registered

Under the Opticians (Registration) (Jersey) Law 1962, an optician can only register in Jersey if they are already on the UK register kept by the General Optical Council. Using the title optometrist, dispensing optician or registered optician without being registered is an offence.

You can check an optometrist or dispensing optician on the GOC register by name, registration number or location.

Help with eye tests and glasses

Eye tests and glasses are paid for privately, but gov.je lists some help:

- Pension Plus: for lower-income pensioners, up to £55 towards an eye test and up to £165 towards glasses or contact lenses, each every two years, at a Pension Plus optician
- Income Support special payments: a voucher of up to £150 towards glasses for children under 12, and help for adults on the claim. Ask before you buy and send a recent quote

Eyesight and driving

gov.je says the medical standards for drivers, including eyesight, changed on 5 October 2024. If you develop a relevant condition you must send in a medical certificate. DVS can answer questions on 01534 448600.

Hearing tests and hearing aids

Hearing aid dispenser is a protected title regulated by the HCPC, and you can check the HCPC register. For the hospital's audiology service, gov.je says you see your GP first, as self-referrals aren't accepted. Hearing aids from the hospital are on loan, and private practices like those listed here take bookings directly.

Listings are free and in alphabetical order. Jersey Web is not connected with these businesses unless a listing says so: check details with each business before you book. Guidance checked 15 November 2026.

Run a Jersey business?
